School: Sturminster Newton High School

Contact: Mrs Alner

Key resources:

'Accounting for AQA: AS and A Level Year 1' Text book

'Accounting for AQA: A Level Year 2' Text book

AQA A level Accounting Revision Guide

Key learning strategies:

The single most effective thing you can do with your time in order to improve at accounting is to complete lots of practise questions. The textbook has questions at the end of each chapter. Make sure that you check your answers, and always return to questions that you got wrong to make sure you have understood why and have learnt from it.

Additional support:

Please come and see me, Mrs Alner in the first instance to arrange for additional support for any aspect of the course. I am always happy to arrange mutually convenient times to give you any additional support you need.

What to do if you're stuck:

It is essential that you are proactive in addressing gaps in your knowledge and you can do this by:

- Reading and working through the examples in the textbook.
- Finding worked explanations on google classrooms from class presentations and using the links to “you tube” videos and articles on each topic.
- Coming and speaking to your accounting teacher. (Usually the most effective approach).

Things to do in study time:

1. Complete homework.
2. Do the mixed exercises from chapters covered earlier in the course.
3. Compile and test yourself on the concepts and skills you need to know.
