A Star Future (<https://www.astarfuture.co.uk/>) provides information and guidance to British students looking to pursue their undergraduate studies abroad. The website has lots of information about studying in Europe and you can search for all the courses (taught in English) that are available. They also host webinars e.g. on the Universita Bocconi in Italy or types of study e.g. choosing a medical/dental/vet school abroad. If you are thinking of overseas options, it is a really useful resource.

Website of the week: If you are thinking of studying in Canada, EduCanada (<https://www.educanada.ca>) is a fantastic site. You can find courses and scholarships as well as look for information about visas and how to plan your studies – a really useful resource.
