

### Careers Information for School Staff

Sturminster Newton High School is committed to providing high quality Careers, Education, Information, Advice and Guidance to help inspire our students and to enable them to make rational, informed careers decisions. Sturminster Newton High School aims to meet all eight Benchmarks as identified by the Gatsby Foundation.

#### At Sturminster Newton High School we would like subject areas to do the following:

- **Display information** that links their subject learning and skill development to different careers
- **Develop appropriate relationships** with local businesses and organisations
- **To invite alumni** and other external speakers into school (in person or virtually)
- Where appropriate, **organise external visits** to local businesses or organisations
- **Record career learning** opportunities in schemes of learning
- **Explore the possibilities of developing real projects** and challenges for students with a local business or organisation (i.e. a local company letting IT/Media students designing a website)
- **Consider the needs of all students** to ensure that information given challenges stereotypes including gender and disability
